

Playlist choices stink here in San Antonio!!! No matter what FM station you listen to you hear the same music at least 6 - 10 times a day. Variety of genres is non-existent and not a lot of diversity within the genre. At least in Austin, New York, Washington DC, LA and San Francisco it ranges from BB King, TJ Hooker, Miles Davis, Marsalis, Dave Matthews, Linkin Park, Faith Hill, Indigo Girls, Metallica, Luther Vandros, 50 Cent, Cure, Depeche Mode, Kenny Loggins, Garth Brooks, Patsy Cline, Boys II Men, Aretha Franklin, Earth Wind & Fire, Annie Lennox, etc. Most of the stations here in SA are stuck on current top ten lists and that's it! Never play earlier songs in same genre.
